Relying on the desire to please, the subscriber solicits a portion of the public patronage.
OTIS HINCKLEY.
Frankfort, Nov 30 1850.

PATENTS.
American and Foreign Office.
AGENCY FOR BUSINESS
WITH U. S. PATENT OFFICE,
WASHINGTON.
No. 22 State Street, Boston.

IN 1840 the subscriber was appointed by the Commissioner of Patents, Agent of the U. S. Patent Office, in accordance with the 10th Sec. of Act of '37.

Having relinquished the Agency for the transmission of Models, and adopted a more expeditious mode of sending them to the Patent Office, *where by a Patent may be procured about six weeks earlier,* he continues to forward them free of expense—to prepare Caveats, Specifications, Assignments and all the necessary Papers and Drawings for Patents, and to render advice on legal and scientific matters respecting the same. Patents secured in [illegible] and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of *verbally* explaining their inventions and of consulting in respect to them, *matters, in general of paramount importance, in order to obtain correct specifications and claims.* The experience of sixteen years practice, an extensive collection of rare works, decisions &c on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established, together with accounts here kept of Inventions patented at Washington, enable the subscriber to afford to inventors desirous of procuring patents, assistance and information which in other respects might be difficult of attainment.
R. H. EDDY, Solicitor of Patents.

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Patents R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any, persons acting in that capacity who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.
Sept 1850 1y

B. H. MACE,
Attorney and Counsellor at Law,

POTASH—For sale by
[illegible] 25 LADD & INGRAHAM.

BY THE PRESIDENT OF THE UNITED STATES.

IN pursuance of law, I, MILLARD FILLMORE, President of the United States of America, do hereby declare and make known, that a public sale will be held at the Land Office at STILLWATER, in the TERRITORY of MINNESOTA, commencing on Monday, the eighteenth day of August next, for the disposal of the public lands within the following named townships and fractional townships, to wit:

North of the base line and west of the 4th principal meridian.

Fractional township thirty four, on the right bank of the St Croix river, of range *eighteen.*

Fractional townships thirty three, thirty four, thirty five and thirty six, on the right bank of the St Croix river, of range *nineteen.*

Fractional townships twenty six, twenty seven and twenty eight, on the right bank of the Lake St Croix, townships thirty three, thirty four and thirty five, and fractional township thirty six, on the right bank of the St Croix river, of range *twenty.*

Townships thirty three, thirty four, thirty five and thirty six, of range *twenty one.*

Fractional townships thirty one and thirty two, on the left bank of the Mississippi river, of range *twenty five.*

Fractional townships thirty two and thirty three, on the left bank of the Mississippi river, of range *twenty six.*

Fractional townships thirty two and thirty three, on the left bank of the Mississippi river, of range *twenty seven.*

Fractional townships thirty two and thirty three, on the left bank of the Mississippi river, of range *twenty eight.*

Fractional townships thirty three and thirty four, on the left bank of the Mississippi river, of range *twenty nine.*

Fractional townships thirty four and thirty five, on the left bank of the Mississippi river, of range *thirty.*

Fractional townships thirty five, thirty six and thirty seven, on the left bank of the Mississippi river, of range *thirty one.*

Lands appropriated by law for the use of schools, military and other purposes, will be excluded from the sales, and no locations [illegible] land heretofore granted by any law of Congress for military services rendered to the United States will be permitted on any of the above mentioned lands as provided by the act entitled "An act making appropriations for the civil and diplomatic expenses of Government," &c. approved 3d March 1851.

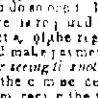

The offering of the above mentioned lands will be commenced on the day appointed, and will proceed in the order in which they are advertised, with all convenient despatch, until the whole shall have been offered, and the sale thus closed, but the sale shall not be kept open longer than two weeks, and no private entry of any of the lands will be admitted until after the expiration of the two weeks.

Given under my hand, this sixth day of May, Anno Domini one thousand eight hundred and fifty one.
By the President:
MILLARD FILLMORE.
BUTTERFIELD,
Commissioner of the General Land Office.

Notice to Pre-emption Claimants,
And to Lessees, Occupants and Permittees of Mineral Lands.

Every person entitled to the right of pre-emption to any of the lands within the townships and fractional townships above enumerated, is required to establish the same to the satisfaction of the register and receiver at Stillwater, and make payment therefor *as soon as practicable after seeing this notice,* and before the day appointed for the commencement of the public sale of the lands embracing the tract claimed, otherwise such claim will be forfeited. [illegible]

Every person having the right under the act entitled "An act to create an additional Land District in the Territory of Wisconsin and for other purposes," approved 3d March 1847, *as lessees, occupants or permittees* to enter to the extent of their leases or permits any of the lands within the townships and fractional townships above enumerated, to which they are entitled under the act entitled "An act to reduce the minimum price of the mineral lands in the Lake Superior District in Michigan and the Chippewa District in Wisconsin," approved 26th September 1850, to enter the land covered by their leases, occupancy and permits respectively, at the minimum price of $1 25 per acre, or if covering more than one full section entitled on the surrender of such lease or permit at the proper land office, to purchase, if he shall elect to do so, one full section, at the rate of $2 50 per acre, is required to establish the same to the satisfaction of the register and receiver at Stillwater, and make payment therefor *as soon as practicable after seeing this notice,* and before the day appointed for the commencement of the public sale of the lands embracing the tract claimed, otherwise such claim will be forfeited.
J. BUTTERFIELD,
Commissioner of the General Land Office.
je 10 1aw13w

BY THE PRESIDENT OF THE UNITED STATES.

IN pursuance of law, I, MILLARD FILLMORE, President of the United States of America, do hereby declare and make known, that public sales will be held at the undermentioned Land Offices in the State of MICHIGAN, at the periods hereinafter designated, to wit:

At the Land Office at the SAULT STE MARIE, commencing on Monday, the eighteenth day of August next, for the disposal of the public lands within the following named townships and fractional townships, to wit:

Townships fifty and fractional townships sixty-three and sixty four, on "Isle Royale," of range THIRTY-NINE.
Townships forty nine and fifty, and fractional sections thirty three and thirty four, in township fifty-two, of range FORTY.
Township forty nine of range FORTY-ONE.

At the Land Office at IONIA, commencing on Monday, the eighteenth day of August next, for the disposal of the public lands situated within the undermentioned townships, viz:

North of the base line and west of the principal meridian.

Townships thirty one and thirty two of range THREE.
Townships thirty one and thirty two of range FOUR.
Townships thirty one and thirty two of range FIVE.

At the Land Office at GENESSEE, commencing on Monday, the eighth day of September next, for the disposal of the public lands within the undermentioned townships, to wit:

North of the base line and west of the principal meridian.

Townships thirty one, thirty two, thirty three and thirty four of range ONE.
Townships thirty one, thirty two, thirty three and thirty four of range TWO.

North of the base line and east of the principal meridian.

Townships thirty one, thirty two and thirty three of range SIX.
Townships thirty one and thirty two of range TWO.
Townships thirty one and thirty two, of range THREE.

At the SAME PLACE, commencing on Monday the twenty second day of September next, for the disposal of the following described tracts, situated in the former Chippewa reservations to be sold for the benefit of said tribe of Indians, *at not less than two dollars and fifty cents per acre,* as provided by the act approved June 17th 1844, entitled "An act explanatory of the treaty made with the Chippewa Indians at Saginaw, the third day of January, eighteen hundred and thirty eight," viz:

North of the base line and east of the principal meridian.

Parts of sections *thirty one* and *thirty two* in township six of range FOUR.

Fractional sections *four* and *five* in township eighteen and sections [illegible] in township nineteen, (all in the reserve on Rifle river), of range SIX.

Sections [illegible] and *twenty four* in township nineteen of range SIX, and [illegible] south half and north west quarter of section *eighteen,* and fractional section *eleven* in township nineteen, (all in the reserve of the Au Gres river) of range SEVEN.

At the Land Office at DETROIT, commencing on Monday, the eighth day of September next, for the disposal of the land being part of [illegible] *six, seven* and *eight* in township five north of range four east of the principal meridian in the former Chippewa reserve, to be sold for the benefit of said tribe at not less than two dollars and fifty cents per acre, as provided by the act of 17th June 1844 above quoted.

At the Land Office at KALAMAZOO, commencing on Monday, the eighteenth day of August next, for the disposal of the following named Islands situated in the Kalamazoo river, to wit:

North of the base line and west of the principal meridian.

Islands Nos. 1 and 2 in section *thirty two* in township one of range ELEVEN.

Islands Nos. 1 and [illegible] in sections *twenty three* and *twenty four* in township one of range TWELVE.

Islands Nos. 1 and 2 in sections [illegible] township one, and Islands numbered 1, 2, 3 and [illegible] in sections *twelve* and *thirteen* in township two of range THIRTEEN.

Islands Nos. 1 and 2 in sections [illegible] *twenty three* and *twenty four,* in township three of range SIXTEEN.

South of the base line and west of the principal meridian.

Island in sections *twenty one* and *twenty two* in township two of range TEN.

Islands Nos. 1 to 13 inclusive in sections *three, four, fifteen, thirty* and *twenty seven* and *thirty four,* in township one, and Islands Nos. 1, 2, 3 and 4 in sections *three* and *ten* in township two of range ELEVEN.

Lands appropriated by law for the use of schools, military and other purposes, together with swamp lands and overflowed lands [illegible] [illegible] which shall be selected by the State authorities before the days appointed for the commencement of the public sales respectively under the act entitled "An act to enable the State of Arkansas and other States to reclaim the swamp lands within their limits," approved September 28th, 1850, *will be excluded from the sales.* And no locations for land bounties heretofore granted by any law of Congress for military services rendered to the United States *will be permitted on any of the above mentioned lands,* as provided by the act entitled "An act making appropriations for the civil and diplomatic expenses of government, &c." approved 3d March 1851.

The offering of the above mentioned lands will be commenced on the days appointed, and will proceed in the order in which they are advertised, with all convenient despatch, until the whole shall have been offered, and the sales thus closed, but no sale shall be kept open longer than two weeks, and no private entry of any of the lands will be admitted until after the expiration of the two weeks.

Given under my hand at the City of Washington, this sixth day of May, Anno Domini one thousand eight hundred and fifty one.
By the President:
MILLARD FILLMORE.
J. BUTTERFIELD,
Commissioner of the General Land Office.

NOTICE
To Pre-emption claimants and to lessees, occupants and permittees of Mineral Lands.

Every person entitled to the right of pre-emption to any of the lands within the townships and parts of townships above enumerated, is required to establish the same to the satisfaction of the Register and Receiver of the proper Land Office, and make payment therefor *as soon as practicable after seeing this notice,* and before the day appointed for the commencement of the public sale of the lands embracing the tract claimed, otherwise such claim will be forfeited, and

Every person having the right under the act entitled "An act to establish a land office in the northern part of Michigan and to provide for the sale of the mineral lands in the State of Michigan," approved 1st March, 1847, *as lessees, occupants or permittees* to enter to the extent of their leases or permits, any of the lands within the townships above enumerated to be sold at the Office at Sault Ste Marie, and who are entitled under the Act entitled "An act to reduce the minimum price of the mineral lands in the Lake Superior District in Michigan, and the Chippewa District, in Wisconsin," approved 26th September, 1850, to enter the land covered by their leases, occupancy and permits respectively, at the minimum of $1 25 per acre, or if covering more than one full section, entitled upon the surrender of such lease or permit at the proper land office, to purchase, if he shall elect to do so, one full section at the rate of $2 50 per acre, is required to establish the same to the satisfaction of the register and receiver at Sault Ste Marie, and make payment therefor *as soon as practicable after seeing this notice,* and before the day appointed for the commencement of the public sale of the lands embracing the tract claimed, otherwise such claim will be forfeited.

WHITE MOUNTAIN STATION HOUSE,
Peabody River, Gorham, N. H.

THIS capacious and elegant establishment is now [illegible] to accommodate travellers to the WHITE MOUNTAINS, will be open on the first [illegible] of July next.

This House is situated on the line of the Atlantic and St Lawrence Railroad in the valley of the Androscoggin River at the junction of the Peabody River with the Moose River with the Androscoggin at the immediate base of the White Mountain Range on the north east side.

In no one of these valleys at this point—For is the most beautiful and imposing view of the Mountains in various [illegible] [illegible] expedition and easy access to the summit of Mt. WASHINGTON and other peaks than can be obtained from any other quarter.

The House is but [illegible] hours ride distant from Portland and NINE hours from Boston, by daily railroad trains over the [illegible] Boston and Maine and Atlantic and St Lawrence roads.

An excellent [illegible] carriages of a [illegible] [illegible] extends from this House seven [illegible] up the Valley of the Peabody river to the eastern base of Mount Washington. At this [illegible] five feet [illegible] House is [illegible] for the accommodation of [illegible] [illegible] actual ascent [illegible] combined with [illegible] facility.

The valley of the Peabody River [illegible] the base of the range affords a very [illegible] of all the great peaks and of the remarkable [illegible] [illegible] the Mountains [illegible] [illegible] [illegible] to be much more wild rugged and [illegible] Pedestrians can make the ascent of Mount Washington from the Peabody river and return [illegible] 6 to 8 hours.

To facilitate the ascent [illegible] and convenient bridle paths [illegible] to the summit of Mount Washington [illegible] the central [illegible] House at the confluence of great mountain valleys [illegible] [illegible] [illegible] streams and lakes in the immediate vicinity abound [illegible] trout.

Six miles [illegible] of the House [illegible] Railroad and accessible also by a carriage road are the celebrated BERLIN FALLS [illegible] the most remarkable cataract in New England. This completion of the Atlantic and St Lawrence Railroad [illegible] an entirely new [illegible] and cheap route to the Mountains on the [illegible] east side—while the remarkable [illegible] NOTCH [illegible] from this house along [illegible] convenient access [illegible] of the Saco and thence [illegible] the celebrated CRAWFORD NOTCH. Tourists from all parts of the country will find this an expeditious and agreeable route for visiting the Mountains.

There is no Stage travel on the Route. Passengers are landed from the cars directly at the [illegible] The Railroad [illegible] from Boston and Portland every day will afford constant communication to and from [illegible] The proprietors of the House will make arrangements with the Telegraph Company [illegible] express by which despatches and other [illegible] can be transmitted to and from all parts of the country for the convenience of visitors.

The House is large and commodious constructed with great regard to architectural elegance and [illegible] all the conveniences of a first class Hotel.— It has [illegible] and thoroughly furnished throughout.

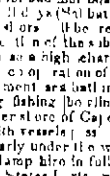

[illegible] rooms.

The Proprietors having leased the House for a term of years will do all in their power to promote the comfort and pleasure of their guests and [illegible] [illegible] at moderate charges. In connection with the Hotel is a large LIVERY STABLE [illegible] of Horses and Carriages—and Saddle Horses will be furnished at all times.

Also [illegible] Balling [illegible] for the convenience of visitors.

N. C. WOODARD,
MRS S. A. DAVIS, Proprietors.
Gorham N. H. May 28 1851. Jel
[illegible]

Cape Cottage Re-opened.

ON the first day of May the long celebrated MARINE VILLA, with its Stables, Sheds, Bowling Alleys, &c., has been entirely rebuilt in the style of arch lecture, fitted to the scenery of the neighborhood, was re-opened for summer boarders and transient company.

[illegible] (Salt) baths provided, when no transient visitors [illegible] received on any account)—the intention of the subscriber being to establish for the House a high character so as to engage the hearty co-operation of all who may need repose, refreshment and bathing, pleasant drives and walks, boating, fishing, bowling, &c., &c. Being built on the [illegible] shore of Cape Elizabeth, all open to the sea with vessels passing and repassing all hours, and nearly under the windows, the White Hills of New Hampshire in full view on one side, while the United States Forts, water batteries, harbor and shipping of Portland city and the broad ocean on the other, CAPE COTTAGE has long been regarded as one of the most beautiful and picturesque watering places in the world. By the kind notice of Mr. George Combe in a book of travels in the United States, who spent a summer at this place, it has acquired a high reputation abroad.

The location is all that can be required for resort to the invalid or persons for pleasure, and the subscriber will not fail in his endeavors to make it in all respects deserving of the public.

P. S. Being only three miles from Portland conveyance can be had at any time.
ALEXANDER FOSS, Proprietor.

MISCELLANEOUS.

Excelsior.
BY PROF. [illegible]

The shades of night were falling fast,
When through our quiet city passed
A [illegible] costume nice
[illegible] quaint device,
Excelsior!

Her brow was glad, her skirts beneath
Unsoiled by mud, [illegible] scant and brief,
And with a joyful [illegible]
The accents of [illegible] tongue,
Excelsior!

Then [illegible] the dress [illegible] the old folks said
[illegible] we dread—
The [illegible] filth we cannot [illegible]
But [illegible] that silver voice replied,
Excelsior!

Oh stop [illegible] the dry goods merchant said,
You [illegible] your dress and spoil our trade
And [illegible] in her bright blue eye,
But still came back the firm reply,
Excelsior!

Thus in the twilight cold and gray
Pretty and [illegible] went her way
And to the [illegible] for
A gladsome shout did rend the air
Excelsior!

LIBERTY.

Stone walls do not a prison make
Nor iron bars a cage
Minds innocent and quiet take
That for an hermitage
If I have freedom in my love,
And in my soul am free
Angels alone, that soar above,
Enjoy such liberty.
[R. Lovelace.

[Translated from the French for the Boston Journal.]

A Kiss to Fee the Doctor.

A young lady who lives in the Rue de Breda (Paris) lately sent for a physician. She was very ill and needed immediate advice—but the medical gentleman thought he had his time on his hands, (having killed off his last patient a day or two before,) was obliged, for the sake of appearance, to be tardy in his visit. The fever, meantime, had gained ground, and when the doctor was announced, the patient was indeed very ill. He entered, found a most lovely cheek burning with a hectic flush, swelled lips dry and feverish, and the head to which these belonged pillowed on [illegible] and arched over with curtains of satin. His heart was touched with remorse for his delay and in a fit of contrition he resolved to give her his little medicine as possible. Of course she was well in a few days, and the doctor called to pay his last visit and receive the fee—due to Nature and her abstaining. The lady received him in her boudoir and advancing to meet him with the greatest cordiality she said:

You have saved my life; for your trouble, kiss me on the forehead.

He needed the fee far rather than a collage, but his gallantry was prompt. He retired with his [illegible] in his memory, consoling himself with the thought that he had at least, deserved honors from the Court of Cupid.

Not long after, a young gentleman of genteel address called upon the doctor.

Sir, said he, "you attended Madame —— in the Rue de Breda. I call to pay your bill and to express for her the gratitude she feels for your care and skill." So saying he made a graceful bow, and deposited $100 upon the mantel-piece.

Decidedly thought the doctor virtue is not merely its own reward. It pays besides.

The next morning another gentleman called—a bald gentleman with the cross of the Legion of Honor in his button hole, and expressing *himself* exceedingly grateful for the care the doctor had taken of the lady in the Rue de Breda, and handed him fifteen gold pieces for his fee and courteously retired.

On the point of informing this gentleman that it had been already paid, the doctor had checked himself remembering how possible it was that it might be an indiscretion to enlighten the bald man that the young man felt also responsible for the young lady's debts.

Two days after an Englishman called on the doctor, and expressing *his* gratitude for the cure of the lady in Breda street, handed 15 guineas to the supposed unpaid, and bowed himself out.

This becomes embarrassing, the doctor said to himself, and moreover it grows less and less discreet, apparently to proclaim to the last comer the payments of his predecessors. I must go and explain to the lady.

"Madame," he said, as he was shown into the pretty boudoir once more, "a physician should be as secret as a father confessor—therefore I have allowed myself to be astonished by two of your friends without a reply. Of course I seek not to know why more than one of your admirers has called on the same errand—but here are two superfluous payments, which, to say the least, belong more to you than me."

The lady looked embarrassed, though evidently not displeased to know that her telling of the story of paying the doctor with a kiss, had appealed with equal force to the generosity and justice of her three admirers. Recovering her self possession, however, she insisted on the doctor's retaining all the money that had been paid him.

"You doubtless have," she said, "among your numerous patients some who can ill afford to pay you for your visits. Take the same care of them that you took of me, and since a kiss of mine can so furnish you with the means pray take another, and let me hear from you when your resources are exhausted."

Truly charity finds indirect ways to arrive at its destination.

YANKEE DOODLE. In our bus book on the Round Towers of Ireland, the origin of the term Yankee Doodle was traced to the Persian phrase Yanki doonia, or "Inhabitants of the New World." Layard in his book on Nineveh, and its remains, also mentions "Yanghi dunia," as the Persian name of America.

He who advertises judiciously and extensively, can afford to sell to his customers to better advantage than he who does not, because he adopts the correct means to multiply their number and secure to himself a much larger amount of business. He who does the largest business, can do it at the smallest percentage of profit.

BLUE ROSE. The horticulturalists of Paris, says a correspondent of the New York Express, have succeeded by artificial crossings in obtaining a natural rose of a blue color, which is the fourth color obtained by artificial means—that and the yellow or tea rose, the black or purple rose, and the striped rose being all inventions, and the result of skillful scientific gardening.

BOLD BURGLARY. The house of W. B. Sayles Esq., was entered on the evening of the 6th. The burglars entered the chamber of Mr Sayles, and took four hundred and fifty dollars from the pockets of his clothes. [Providence Jour.

MONDAY, JULY 14, 1851.

PROSPECTUS OF THE
European and North American Railway Company.

INCORPORATED BY THE LEGISLATURE OF MAINE. CAPITAL 40,000 SHARES $100 EACH.

Terms of Subscription.

The subscribers hereby agree to take and fill the number of Shares in the Stock of the European and North American Railway Company set against their names respectively, on the terms and conditions following viz:

1st. The advanced payment on each share shall be one dollar.

2d. The shares shall not be assessed more than five dollars each payable at one time, nor to a greater amount in all than $100 [illegible] the advance of one dollar, nor shall more than one third the amount be called for in one year.

3d. Whenever the whole amount of $100 shall be assessed and the road put in operation for the whole or any part of its distance, the holder of stock upon which the assessment is shall have been paid in full, shall receive interest at the rate of 6 per cent on the sums paid on his or her share or shares, computed from the days of payment up to the time the last assessment shall become due and payable. If any stockholder be delinquent after said time, interest shall be charged on his assessment from said time till payment.

4th. Whenever the Directors shall call for any assessment every stockholder shall be at liberty to pay such sum over and above the amount annually assessed as he or she may see fit to pay, not exceeding $100 on each share, and interest shall be allowed and paid thereon as provided in the third regulation.

5th. If the whole number of shares subscribed for shall exceed 40,000 [illegible] excess shall be disposed of by reducing pro rata the subscription of all who are over 5 shares, without making fractions in the apportionment of the excess.

The undersigned, Corporators named in the act establishing the European & North American Railway Company, [illegible] the Legislature of Maine, and approved Aug. 20, 1850, present the claims of that enterprise to the public attention, and most respectfully ask the concurrence and co-operation of all who feel an interest in the early completion of a work, which, in the language of that distinguished statesman, the Hon Robert J Walker, "will greatly enlarge international commerce, and become a new bond to preserve the peace of the world."

We feel justified in saying, that the contribution of one million of dollars only in the form of subscriptions to the stock at the present time will secure beyond all peradventure the early completion of the European & North American Railway.

The cities of Boston and New York, the Canadas and the far West are connected by Rail way with the State of Maine by the lines extending as far east as the Kennebec River.— The Portland and Montreal Railroad far advanced toward completion and to be opened to Montreal during the coming year, with the Railways of New England secure the convergence of all the lines of Railway in the United States and Canada upon the single trunk Railway which we now propose to extend from the Kennebec valley to the Atlantic shore of Nova Scotia, and will ensure to this trunk line, when completed, the travel between the two Continents, that seeks to abridge the length of passage and shorten the sea voyage between Europe and America.

While claiming for this line all the advantages proposed for shortening the transit between Europe and America, reducing the length of passage to five or six days, it also has claims on the business men of the British Provinces and the Northern States of the Union as a means of increasing trade, stimulating enterprise and augmenting the productions of the region of country through which it is to pass. We concur in the opinion expressed by the Portland Convention—

"That from the valley of the Kennebec in Maine to the eastern terminus on the Atlantic coast of Nova Scotia, the proposed line of Railway will traverse a country abounding in natural resources and possessing all the elements of wealth and commercial greatness in an unusual degree; that although now sparsely peopled this long line of country under railway influence will soon become densely peopled and every species of industry will be called into existence among its inhabitants.

Such is the expression of the Portland Convention, and such we believe is the opinion of all who have taken the trouble to examine the [illegible], and fully confirmed by various public bodies and generally in Europe as well as by the more matured opinions of an Engineer of the highest authority as to the [illegible] feasibility and paying qualities of the line. Upon these grounds alone we may confidently appeal to the commercial world for support. We believe that in order to justify us in expecting its entire success, it is enough to say that it is proposed to extend a line of railway through a region of country rich in every natural advantage—forests, soil, climate and mineral wealth—over a route the most direct and practicable that can be ascertained irrespective of immediate localities, remote from water communication—giving it perfect immunity from all competition forever, by securing the most direct possible line between the great centres of population and business.

In further confirmation of these views, we refer to the very able report of A. C. Morton Esq. upon the whole line, submitted to the Governor of Maine and made under the authority of the State.

The length of line from the Kennebec River to Halifax is 475 miles. It is proposed to build this line in separate sections, all parts of the work, being kept in subordination to one general plan, so that an unbroken line of Railway shall connect Halifax, Nova Scotia, or what ever Eastern port is adopted, with all the Railways of Canada and the United States.

From Waterville to Bangor, the distance of 55 miles, the means required will unquestionably be furnished by the guarantee of the Railway companies—connecting Waterville with the Railways, extending from that point toward Boston.

From Bangor to the Boundary of New Brunswick, a distance of 93 miles, the charter of the European & North American Railway, under which we are now acting, authorizes the construction of a line of Railway on the most direct and practicable route to the city of St John N. B. It is for this portion of the line that we now invite subscriptions.

The Province of New Brunswick, by an Act passed on the 15th of March, 1851, incorporated a Company under the name of the European & North American Railway Company, for the purpose of making a Railway, which in section three is described as "A Railway to run from some point or place from the Eastern boundary of this Province in the county of Westmorland, so as best to connect with a Railway to be constructed from the city of Halifax or some other port on the Eastern coast of the Province of Nova Scotia on the Atlantic Ocean, over the most practicable route through the Province of New Brunswick, so as best to connect with a Railway to be constructed from the city of Bangor in the United States of America, in the Eastern part of the State of Maine."

This charter is of the most liberal character, and while the British Ministry required certain modifications of the charter, of a character in no respect objectionable to the Company, a recent despatch of Earl Grey, under date of June 12, 1851, contains an assurance of its approval, so that the requisite authority is now obtained for the construction, by a private Company, of a continuous line of Railway from the City of Bangor to the boundary of Nova Scotia.

Of this distance, all that portion of the route from St. John, East contains ample means along its line to construct a Railway, and resources, population, and business adequate to support such a line, whenever completed.

It is the distance from Bangor to the city of St John that requires our principal exertions. From St. John to the boundary of Maine the 73 miles required to form this connection will have ample means furnished by the people of St. John city, and New Brunswick as soon the Facility Bills receive the Royal assent.— By these bills New Brunswick offers to grant assistance by a subscription to the Stock of the Company, to an amount equal to $1,250,000 from time to time in sums of $50,000 each on the payment of equal sums by the Shareholders in said Company, and a gift of all the ungranted crown lands contiguous to and within five miles of each side of the line of said Railway.

This assistance from the Province of New Brunswick will at once command the means to build the line from the boundary of Maine to St. John city even if no further or other assistance is afforded by the Colonial or Imperial Governments.

But it is known that the British Ministry have proffered assistance to the North American Provinces, to an amount sufficient to provide for the construction of a Railway by which a line of communication may be established on British territory between the Provinces of Nova Scotia, New Brunswick, and Canada, [illegible] from Halifax to Quebec or Montreal. The Hon. Mr Hawes, under Secretary of the Colonial office, says "it is also to be understood that Her Majesty's Government will by no means object to its forming part of this plan, which may be determined upon, that it should include a provision for establishing a communication between the projected Railway and the Railways of the United States."

The Hon Jos. Howe, the able and distinguished Delegate from the Province of Nova Scotia, through whose agency and by whose exertions these pledges have been obtained, informs us that the British Ministry estimate the amount required to carry out these two works [illegible] or $35,000,000. The condition on which this grant is to be made is, that the Provinces shall make the loans they are to raise a first charge upon the Provincial Revenue, after any existing debts and payments on account of the Civil List, settled on Her Majesty, by laws now in force.

The acceptance of the money on this condition is a matter still in question [illegible] whether the amount is accepted or not, no delay need occur in pressing forward the line to a point at or near the boundary of New Brunswick. [illegible] mode or other most agreeable to themselves, the Provinces of New Brunswick and Nova Scotia will carry out the plan of a continuous line from the boundary of Maine to the Eastern shore of Nova Scotia. [illegible] Such portion of the Railway Despatches from the British Government as may be required to a full understanding of the question are hereafter given in the Appendix. It may be proper in this connection to remark that a movement is on foot with a view to obtain further assistance from the British Government, in aid of Railways in Canada, by securing the Imperial guarantee or an advance from the Imperial Treasury of the money required to construct the Grand Trunk line of Canada from Montreal to Sarnia opposite Detroit, in addition to the amount already offered. From Sarnia to Halifax the distance is [illegible] 1400 miles, which distance with the European and North American Railway across New Brunswick would require an advance from the Imperial Treasury of over $50,000,000.

Assuming the early completion of that portion of the European and North American Railway which belongs to New Brunswick and Nova Scotia, [illegible] portion of the line which has to be built in the United States to be constructed?

From the eastern termini of the lines extending from New York to the Kennebec River at Waterville to the line of New Brunswick at Calais, the distance is 190 miles. [illegible] this line as far as Bangor requires the absorption of all the means of the people of Maine west of the Penobscot River, which can be made available to such an enterprise. Still we regard that portion of the work as coming within the ability of the people of Maine to accomplish, and our exertions are directed to the task of obtaining the means for extending this line from Bangor to the Boundary of New Brunswick. The amount required to finish and complete this 93 miles is entirely beyond the ability of the people of Maine, east of Penobscot River to supply.

There are some disadvantages in reference to the construction of this portion of the line from the fact that some 60 miles of the distance is a wilderness, although favorable for the construction of a road, and full of valuable forests of timber and abundant water power, which will furnish a large amount of business to a railway which will contribute [illegible] considerable amount towards its construction.— Mr Morton informs us that the entire line from Bangor to Calais can be built and equipped as a first class Road for about $13,000 per mile or something over $1,200,000.

Without enlarging upon the question of the practicability and advantages of the European and North American Railway, we refer parties seeking information to the able Report of Mr Morton. But to give in the briefest terms a summary, showing the extent of the proposed line, the feasibility of its construction, [illegible] the favorable features of the country over which it is to pass, and its remunerative character when completed, we subjoin the following extracts from the Report of Mr Morton:—

"The general results of the surveys show—

1st. That a highly feasible route can be obtained between the city of Bangor and the city of St. John, upon which the distance will not exceed 155.5 miles, with a strong probability of its being reduced on a final location to 160 or 150 miles.

2d. That the greatest elevation above tide, to be crossed, will not probably exceed 350 feet, which is within the limits of Maine, and that the maximum grade will not exceed 50 feet per mile, and may probably be reduced to 40 or 45 feet per mile.

3d. That there will be very little if any abrupt curvature, no points requiring excessive expenditure, and the cost per mile will fall below that of the average of the New England roads.— (Page 37.)

"With this we are enabled to make up the length of that portion of the European and North American Railway, within the limits of New Brunswick.

From the Boundary line of the United States at Calais to the City of St. John	73 miles
From the City of St. John, to the Boundary line of Nova Scotia, near Bay Verte,	125 miles.
Total,	198 miles.

The length of road to be built in New Brunswick will not probably, at most, exceed 200 miles, and there are strong grounds to believe that it may be reduced to 193 miles." (P. 45.)

The total length of line in Nova Scotia is 124 miles, of which distance the road for 66 miles will be level, or of grades not exceeding 20 feet per mile.

41 miles will have grades of from 20 to 40 feet per mile.

13 miles will have grades of 47 feet per mile.

4 miles will have grades of 66 feet per mile.

From the above, it will be observed that for one half of the whole distance in Nova Scotia, the road will be either level or have inclinations under 20 feet per mile, and nearly 85 per cent of the whole distance is less than 40 feet per mile. (Page 50.)

"The following summary shows the length of road to be built in the State of Maine, in New Brunswick and in Nova Scotia.

Maine (omitting fractions)	96 miles.
New Brunswick	200 miles
Nova Scotia	124 miles
Giving	420 miles

as the total length of the European and North American Railway.

From the surveys made of the various portions, I can state with much confidence that, of the 420 miles of railway, there will be over 350 miles upon which the grades will not exceed 30 feet per mile, and for over 100 miles of this latter distance the road will be level. The maximum grade will, with the exception of one point, will probably not exceed 60 feet per mile, with comparatively a short distance of this inclination.

The portion of the line where the grades exceed this, is confined to a distance of about 12 miles, in crossing the Cobequid Hills in Nova Scotia. These inclinations probably will not rise higher than from 50 to 60 feet per mile and of the latter gradient there need not be more than five or six miles.

The greatest elevation passed over in the 120 miles is also at the Cobequid Hills, which is 600 feet, the greatest in New Brunswick probably will not exceed 250 feet, and that in Maine 300 feet above the ocean.

It is a fact worthy of notice that this great work throughout its whole extent of over 400 miles traversing a country, the most prominent characteristics of which are its numerous large rivers, lakes, and inlets, that at no point is it interrupted by ferries, nor are the difficulties encountered or expenditures required in the construction of bridges and other works at all corresponding with the magnitude of the rivers to be crossed, and the objects to be attained.

This peculiarity, together with the great extent of line which may be constructed at a low rate will tend to reduce the average cost of the whole work on a sum considerably below most of the great lines of the United States. (Page 51.)

"Bringing the various items of business together as heretofore set forth, we have the following estimate of the probable annual receipts of the proposed railway:

1,013,000 inhabitants, estimated to pay the railway one half the amount shown in the preceding table or $1 50 for each inhabitant	$1,600,600
35 [illegible] passengers each way over the railway at 2½ cents per mile or $10 50 each	229,320
Transportation of mails $300 per mile per annum,	126,000
Total annual estimated receipts	$1,964,820
Deduct 50 per cent for expenses of operating the road,	982,410
Estimated net receipts,	$982,410

Which is over 7½ per cent. on $13,000,000, the estimated cost of the railway. (p. 89.)

The railway from Bangor to Oldtown 11 miles at one end, and from Calais to Baring 6 miles at the other, making a total of 17 miles of road built, may perhaps be brought into use as portions of the line, reducing the actual distance required to be constructed to less than 80 miles, and reducing the cost to a trifle only above $1,000,000.

Our plan is to raise one million of dollars, the amount required by law to enable us to organize the company—secure the right of way, commence operations at each end and lay the foundation for a credit which will secure the balance. If this sum can be raised the work can be forthwith commenced, and successfully carried through.

The Commonwealth of Massachusetts has expressed her interest in the scheme and the fact of her owning nearly 2,000,000 of acres of land in Maine justifies the expectation that she will in some form supply a portion of the means. Our application to the Legislature of Massachusetts, during its recent session received very respectful attention and was by consent of its friends, referred to the next Legislature —the Legislature of New Brunswick did not act upon railway matters in season to enable us to make our application to Massachusetts till a late period of the session. There was a general expression of confidence in the scheme among the public men and the press of the Commonwealth of Massachusetts.

In Maine there is a constitutional inhibition against the loaning of the credit of the State or the contracting of a State debt, but it is not expecting too much of Maine, to say that a portion of the proceeds of its public lands might be advantageously applied to this object if the same can be done consistently with the public interests and thereby enhance the value of the Public Lands of Maine.

At all events, the undersigned express the confident opinion that the subscription of one million of dollars of available stock at the present time will secure the early and complete success of this great enterprise.

We do not appeal to the people of Maine only for [illegible] would be presumptuous in us to expect to realize this amount, under the present circumstances from them alone but we appeal with entire confidence to all the good people of New England, the Canadas and to the commercial interests of the whole Atlantic seaboard and to the people of the United States generally.

A small amount from each one who has expressed or felt a general good will to the enterprise, will secure at once the required sum.

By the terms of the Charter in Maine an exception in [illegible] heretofore granted, every stockholder is exempted from personal liability, beyond the paying up of the instalments on the Stock, and the Charter, is not subject to amendment, alteration or repeal by the Legislature.

Parties who may incline to aid this enterprise residing at other places than those in which the books of subscription are opened may address Mr Poor at Portland, Mr Chandler at Calais, or Mr Hamlin at Bangor, Me, the Executive Committee of the Corporators, by whom the fullest information will be given in regard to the enterprise.

☞ The Lowell Courier gives a glowing account of the improvements going on for the comfort of the citizens of that place and the surrounding country, since the opening of the Salem and Lowell Railroad. This road is over a very favorable grade and is calculated to take a large portion of the freight from the Atlantic coast to Lowell. There are very extensive wharf improvements in Salem in connection with this road, by which freight may be taken and transported at much less expense than through the city of Boston, and with less risk. In order to increase the travel of passengers on the road, and to give to those in the vicinity a pleasant summer resort, a romantic island in Salem harbor, three and a half miles from Salem has recently been bought by a company of Salem and Lowell gentlemen, with a view to establishing a pleasant, quiet and healthful summer resort. A house 100 by 30 feet is to be immediately erected and completed by the first of August—a wharf is to be built and a steam boat put upon the route to run in connection with the cars from Lowell. A ride of an hour and a half from Lowell will land the excursionist on the island—which will undoubtedly become a favorite place of resort with the inhabitants of the city of spindles.

☞ The author of the very striking work recently published entitled "Three Years in a Mad House," is now in this city for the purpose of disposing of the work. He makes many statements which he believes to be essential truths and he is determined that so far as he is concerned the people shall have an opportunity of reading what he has written. It seems to us that those most deeply implicated should demand a full and complete investigation and their neglecting so to do that it becomes the duty of the public to cause such investigation since it is important that the Maine Insane Asylum should be not only without fault but also without the slightest taint of suspicion.

☞ We give up a large space in our inside columns to-day to the Prospectus of the Executive Committee of the European and North American Railway Company. This Railroad is an enterprise which appeals to the entire community of Maine as one which should be encouraged and promoted. The State cannot afford to get along without it.

Her energies should be tasked to a vigorous and worthy beginning of the road and the great work will then be completed and the advantages to be derived from it will be of incalculable value. We would refer the reader to a full examination of the Prospectus to which we have referred for a better acquaintance with the subject.

☞ On Saturday last, the house barn and out houses of Mr James Fall, of Lebanon N H. were entirely destroyed by fire. A portion of the furniture and about $75 in money were destroyed in the house and about twenty tons of hay, farming tools &c were burnt with the barn. The loss is about $3000 of which $1000 is insured.

Washington Items.

New York July 11.

A despatch from Washington this eve states that Mr Webster will leave for Annapolis next Tuesday, and from thence proceed to New York via the Golden Gate [illegible] of Aspinwall's steamers. Mr Webster is expected to be absent till Fall.

It is said that the Mexican Government is about to present demands for indemnity against the U. S. for the non fulfillment of the San Luis Potosi treaty for over $6,000,000 the result of Indian depredations on the frontiers.

ANOTHER SCIENTIFIC WONDER. Important to Dyspeptics.—Dr. J. S. Houghton's Pepsin, the True Digestive Fluid or Gastric Juice, prepared from Rennet or the Fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D. Philadelphia. This is truly a wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation and Debility, curing after Nature's own method by Nature's own agent, the Gastric Juice. Pamphlets containing scientific evidence of its value, furnished by agents gratis. See notice among medical advertisements. Sold in Bangor by LADD & INGRAHAM and by agents generally through out the country. 3awd&wly may 30

☞ The "Original Harmoneon Troop," consisting of Messrs John and James Power, F. A. Reynolds, H. Sivori, John Huntly, and E. C. Huntley, (the unrivaled accordianist) will give a series of three concerts at the City Hall in this city, on Thursday, Friday, and Saturday evenings of this week. Particulars in a future paper.

A MARK OF REFINEMENT.—Ladies who use the Hebeatine, invented and sold by William Dana, 277 Washington street, Boston, are distinguished from all others by a surpassing fineness and clearness of complexion. Its use is indispensable in changeable weather, especially, as it always preserves a smoothness of the skin and purity of color, which no other cosmetic can pretend to.

A Rare Chance.
THE subscriber contemplates removing from the city and offers for sale his Homestead, situated on Main street, a few rods S W of the Bangor House. Said house is two stories high and thoroughly finished, contains 7 rooms and is nearly new, with a good cellar under the whole, on which is a beautiful spring of pure water.

Also near the same a block just finished containing 4 tenements of 5 rooms each, all thoroughly finished with woodsheds, cisterns, &c. Said property now pays 15 per cent on the price asked. The above presents a rare opportunity for those wishing to purchase, and a liberal credit will be given if desired. Families wishing for a home at a small sum can under their purchase the above block by paying a part down and the rest in yearly payments.

City of Bangor.
IN BOARD OF ALDERMEN, July 7 1851.

ORDERED, That the Street Engineers be, and they are hereby directed to run the line on the southwesterly side of Union Street from Fourth Street to the westerly side of Isaac Farrar's land, and widen the same so as to include in said street a strip of land thirty-three feet in width, from the original line of said street, according to the report of the Committee on Streets and Highways, and place permanent monuments thereon.

Passed and sent down for concurrence.
E L HAMLIN, Mayor.

In Common Council, July 7, 1851.—Passed in concurrence.
S C HATCH, President.
GEO W SNOW, City Clerk.

A true copy of Record.
Attest—GEO W SNOW, City Clerk.

AGREEABLY to the above order, the Street Engineers of the City of Bangor give notice to all persons interested, that they will on MONDAY, the 21st day of July inst, at 9 o'clock A. M., proceed to run the line, and widen said street so as to include said strip of land thirty-three feet wide, from the southwesterly line of Union street as the said street was originally laid out, and from Fourth street to Isaac Farrar's westerly line lot; immediately after the said laying out or widening of said Street, they will meet at the Aldermen's Room, to estimate the damages any individuals may sustain, and to hear all persons interested in the premises.

GROVER & BAKER'S
Patent Sewing Machine.

(Patented Feb. 11th, 1851.)

THE Inventors and Proprietors, after a long time spent in perfecting and simplifying their invention and having now received United States' Letters Patent on the same, are prepared to offer for sale the exclusive Right of Territory for States, Counties and Cities, or Machines, with the right to use. This is entirely an original invention, nothing at all similar having ever been offered to the public; the right of the invention is therefore uncontested. Our Machine, by the use of two needles, supplied with thread from spools, forms a new stitch, which will not open or ravel,—in fact, a fast stitch. It is adapted to the sewing on all kinds of fabrics, as also on leather in straight, circular, or other seams. It is capable of being worked at great speed, and requires but little power. By means of the feed carriage, which is compact and convenient, the stitch may be regulated to any length. The needle strikes perpendicularly upon the table of the Machine, and affords an opportunity for sewing as far in from the edge of the cloth as may be desired. The Machine is worked by treadle, hand, or power, is easily regulated, and being compact and simple in construction is not liable to get out of order. We are confident that our Machine, on trial, will corroborate all the statements here made. The price of one of our Machines, complete, (which will be carefully packed to go to any part of the world,) is one hundred and twenty-five dollars. Applications for right of Territory, or the Machines with right to use, as well as all inquiries respecting them, and all orders enclosing money for machines, will be promptly attended to. All letters to be post paid, and addressed to the Proprietors and Patentees.

GALVANO-ELECTRIC
RHEUMATISM CHAINS,
OF I. T. GOLDBERGER.
EXAMINED BY THE MEDICAL FACULTY IN VIENNA—BY SEVERAL BOARDS OF SANITY—AND BY A GREAT NUMBER OF PHYSICIANS AND CHEMISTS.
PATENTED by the Imperial and Royal Governments of Austria, Prussia, France, Bavaria, etc., and which are recommended by all eminent Physicians of Europe against the Gout, Rheumatism, and all kinds of Nervous complaints, such as pains in the face, neck or, hip, tooth-ache, ear ache, pains in the breast or back, lameness, palpitation of the heart, &c.
Each of Goldberger's Patent Galvano Rheumatism Chains is well packed up in a small box, which bears on its front *Goldberger's Firm*, and on the reverse the two blazons as above, viz: The Imperial and Royal Eagle of Austria, and the seal of Goldberger's Manufactory, i. e. the coat of arms of the free mountain town of Tarnowitz, in golden letters.
Only those Chains which are packed up and marked in the manner above stated, are to be regarded as genuine.
In Boston I have appointed Mr. C. F. FRITCHE as General Agent for America, for the sale of my Galvano Electric Rheumatic Chains.
I. T. GOLDBERGER,
In Berlin, and free mountain town Tarnowitz.

NOTICE.
I have received by the steamer Cabada the above named Galvano-Electric Rheumatism Chains, of Goldberger, in Berlin.
The genuine Galvano-Electric Rheumatism Chains of Goldberger, which have been used with great success against all kinds of Nervous Complaints, and warranted by a thousand testimonials from the first Physicians, are to be obtained of the following Agents, and also the testimonials may be seen in the different languages at all those agents.

SPRING AND SUMMER

Clothing, &c.

OPENING OF THE

SPRING CAMPAIGN!

P. WALL,

WHOLESALE AND RETAIL DEALER IN

Foreign and Domestic Goods,

GENT'S FURNISHING GOODS and FANCY ARTICLES,

AND EVERY DESCRIPTION OF

Ready-Made Clothing,

NO. 14 WEST MARKET SQUARE,

HAS the pleasure of announcing that he has received a very full and complete assortment of new, desirable and fashionable goods, selected from the best sources, and will be sold lower than can elsewhere be purchased in the State. The best of German, French, English and American Broadcloths; Doeskins, Cassimeres and Over-Coatings of every desirable style, texture and color—*VESTINGS* of the richest patterns and choicest selections. Trimmings in endless variety. Furnishing goods of unsurpassed excellence. The determination has been throughout to obtain goods suited to this market, embracing the richest and finest as well as those of medium quality, and in such variety and abundance that all may be fully suited.

READY-MADE CLOTHING!

It is getting now to be well understood that those who would obtain the best fitting and most comfortable garments should seek them at large establishments, in which the best goods are found and the highest artistic skill employed in their fabrication. In this establishment the division of labor gives to every garment its highest finish at the lowest possible cost, which is a decided advantage to the public, both in the quality of garments and in the cost, thus enabling them to dress elegantly without an increase of expense. In this large and extensive stock may be found new styles of Garments for the present and coming season, which, as regards original styles, richness of material and extent in variety is pronounced, by competent judges, to be far superior to anything ever offered.

OVER COATS

In large quantities, made of all the various suitable materials, from the least expensive Pilot Duffels and Kerseys, to the finest cloth finished Beavers, including Camel's Hair mixtures and Labrador Coating.

DRESS COATS.

2,000 Coats of different styles of every quality and color, in French, German, English and American cloths, some of them very fine and tasty.

Business Coats.

Broadcloths, Tweeds, Venetian and Zephyr Cloths—some very heavy and durable.

SACKS.

Very many Broadcloth Sacks, 100 Black Cloth, Cotton Warp, and 5000 of all the various cloths and fashions, from a heavy All Wool through all the colors of Tweeds, Cashmeretts, Ermiletts, Alpaccas, Jeans and Buckings.

PANTS.

An immense quantity of English, French and German Doeskins and Cassimeres, black, plain colors and in various fancy mixtures, Satinetts, Fancy Plaid and others.

VESTINGS.

English and French Cashmeres of every description—plain and figured. Plush Velvets, Embroidered French Cassimeres, Rich Silk Dress Waistcoatings, comprising over two hundred different styles.

BOYS' CLOTHING.

Black, frock and sack Coats, white, slate and mixed Linen Jackets; Fancy Plaid Buckskin Pants; black Cassimere, do. black Satinet do, black fancy and plaid Satin Vests, Italian Lasting do.

Furnishing Goods.

Fancy colored Cravats, Silk Pocket Hdkfs. Gloves, most kinds, Shirts of every description, Bosoms, Collars, Under Shirts, Drawers, Suspenders, &c.

NOTICE TO LUMBERMEN!

All persons in want of an *OUTFIT FOR THE WOODS* are invited to examine my extensive stock of articles got up in the most durable and comfortable style possible, which I will sell wholesale or retail at prices that will give perfect satisfaction.

WANTED, in exchange for the above, CASH, WOOL, and articles of HOME MANUFACTURE, such as SOCKS, DRAWERS, &c. at

THE COMMERCIAL ARCADE,

SIGN OF THE

GOLDEN FLEECE

A CARD!

Mr. John E. Reynolds,

Who superintends the CUTTING DEPARTMENT, and whose known skill as a scientific Cutter renders encomium unnecessary, has just returned from New York with

THE LATEST SPRING STYLES,

so that customers can now be supplied with garments made of the richest and newest materials, and

CUT IN THE MOST FASHIONABLE MANNER.

Bangor, March 19, 1851.

ELEGANT AND INVALUABLE Articles for the Toilet

Bogle's Hyperion Fluid.

For Restoring, Preserving, and Embellishing the HAIR.

The following Certificate, from Dr. Winslow Lewis, one of the most eminent Physicians of Boston, will show the estimation in which it is held by the scientific and learned, being one only of many similar.

Boston, Feb. 15, 1847.

Mr. Wm. Bogle,—Sir: The preparation invented by you for the hair, has been extensively used in my family, and they give it the decided preference over all other compositions of the kind. It invigorates and beautifies the hair, and cleans the skin of all impurities, without producing any ultimate deleterious effects, which are so frequently the result of many well known patented compounds. * * *

WINSLOW LEWIS.

It is an indispensable article for the Ladies, as it keeps the hair in place and curl, and the skin or parting of the hair, free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

BOGLE'S AMOLE,

A COMPOUND FOR SHAVING.

This delightful article is totally different and are superior to anything yet invented for shaving. The name of it is derived from the *Amole*, or "soap plant" of California, an article used by the natives of that country for washing; and thus, the use of strong alkali, so hurtful to the skin, is avoided. Its vegetable and detergent properties have the purest and most nourishing effects on the skin,—it soothes and allays irritation, and has a fine, thick, creamy lather, which does not dry on the face. It is a decided luxury to be shaved with this incomparable soap. It is done up in elegant style, calculated alike for the "rough and ready" traveller, or the toilet of the most fastidious connoisseur.

Bogle's Hebeaiona,

FOR REFRESHING AND BEAUTIFYING THE COMPLEXION.

Eradicating Tans, Freckles, and other eruptions of the skin, and rendering it fair, delicate and blooming. It is equally efficacious in protecting the skin from the hot suns of summer, and freezing blasts of winter, and is the most fragrant, and delicious article to be found at the toilet of fashion.

All these three articles have stood the test of the strictest investigation, and are *warranted* superior to anything yet invented; but, if not found to prove so on trial, the money, in all cases, will be refunded by my Agents. WILLIAM BOGLE, Proprietor,

277 *Washington St., Boston, Mass.*

Agents for Bangor, LADD & INGRAHAM, and GEO. W. EMERSON, Druggists.

IN QUART BOTTLES.

For Purifying the Blood, and for the Cure OF SCROFULA, MERCURIAL DISEASES, RHEUMATISM, CUTANEOUS ERUPTIONS, STUBBORN ULCERS, LIVER COMPLAINT, DYSPEPSIA, BRONCHITIS, SALT RHEUM, CONSUMPTION, FEVER SORES, FEMALE COMPLAINTS, ERYSIPELAS, LOSS OF APPETITE, PIMPLES, BILES, GENERAL DEBILITY, &c.

The records of medical science, abounding as they do with ample testimonials to the value and efficacy of different medicinal agents, scarcely furnish a parallel with the results recorded from a multitude of living witnesses to the great worth of Sands's Sarsaparilla. The remedy for a great variety of diseases is effected by its timely administration, and conclusive evidence of this fact, and the experience of fourteen years has won for it a deserved popularity, that no other preparation ever attained. Its extraordinary use throughout the world and the numerous unsolicited testimonials received by the proprietors, [illegible] beacons and landmarks to the suffering and diseased, telling in the inviting language of encouragement—do not despair. Thousands and tens of thousands who suffered, without hope, groaning day and night under pain and anguish, beyond the power of language to convey, have not only been relieved but permanently cured. It has been approved by the medical faculty, [illegible] extensively used in hospitals, [illegible] with the happiest results. The preparation being entirely vegetable, renders its administration safe to the most delicate frame.

The following testimonials are selected from among the multitude of those, we are daily receiving, [illegible] For further confirmation, the reader is referred to Family Receipt and Medical Almanac, furnished gratuitously by all our agents.

New York, July 27, 1849.

Messrs. A. B. & D. Sands—Gentlemen: Words can but feebly express my feelings in conveying the pleasing intelligence that my wife is restored to perfect health by the use of your invaluable Sarsaparilla. She was afflicted with a severe cutaneous disease that covered the whole surface of the body, so that it would have been impossible to touch any part that was free from the humor, the hand, face and body were covered with scales like those of a fish, the hair fell out in large quantities, and walking caused the most excruciating agonies, as it affected the joints more severely than any other part. She suffered also a long time from an affection of the liver, connected with general debility, and a prostration of the nervous system. Physicians, both in Europe and America, had exhausted the usual remedies, without effecting a cure, or scarcely affording relief, and the best medical skill was unavailing, until she happily used your Sarsaparilla. The disease was pronounced salt rheum, but her whole system, internally and externally, was altogether deranged; but so complete has been the cure, after using the Sarsaparilla for six weeks, and taking in all less than one dozen bottles, that she now enjoys better health than for years previous to taking the Sarsaparilla. My object in making this communication is, that all who have suffered as she has, may know where and to whom to apply for relief, (and that not in vain,) as a complete cure will be the result. My wife unites with me in heartfelt thanks, and believe me, gentlemen, yours sincerely,

FERRIER KAZER, 34 Nassau st.

N. B.—For a corroboration of these facts apply to Mr. H. McCunn, at Messrs. Bowen & McNamee's store, Broadway, N. Y.

City and County of New York, ss.—Ferrier Kazer being duly sworn, doth depose and say that the foregoing statement, to which he has subscribed his name, is true and accurate, to the best of his knowledge and belief.—Sworn and subscribed, this 27th day of June, 1849, before me, C. S. WOODHULL, Mayor.

Boston, Mass., Aug. 31st, 1849.

Messrs. A. B. & D. Sands—Gentlemen: Last spring I was attacked with Rheumatism in the lower part of my body, extending down to my feet, and so severely was I affected that I could not stand or move myself. I tried all the different medicines advertised for this disease, among which were several kinds of Sarsaparilla, but none of them did me any good, and I gave up all hope of being cured, when a friend advised me to try Sand's Sarsaparilla. I consented, not expecting it would cure me; but after using twelve bottles I have the happiness of stating to you that the pain has left me, I can walk without any assistance, and am gaining in strength every day, which I have no doubt is owing entirely to the use of your Sarsaparilla. I send you this voluntary certificate, that those afflicted may know what medicine to use to alleviate their sufferings and effect a cure.

Yours very truly,

JOHN BANVARD, 31 Chamber-st.

Prepared and sold, wholesale and retail, by A. B. & D. SANDS, Druggists and Chemists, 100 Fulton st., corner of William, New York. Sold also by Druggists generally throughout the United States and Canadas. Price $1 per bottle; six bottles for $5.

MORSE'S COMPOUND SYRUP OF Yellow Dock Root

OCCUPIES the front rank among the proprietary Medicines of this country for completely curing Canker, Salt Rheum, Erysipelas, and all other diseases arising from an

Impure state of the Blood.

Also, Liver Complaints Catarrh, Dyspepsia, Headache, Dizziness, Coughs, Soreness and Tightness about the Chest, Bronchitis or Hoarseness, Dryness, and a tickling sensation about the throat, and is used with unprecedented success in all cases of

Female Weakness and General Debility.

Strengthening the weakened body, giving tone to the various organs and invigorating the entire system.

If the testimony of thousands of living witnesses from all parts of the country can be relied upon, it is singularly efficacious in

CURING ALL HUMORS,

and restoring debilitated and broken down constitutions. It is *purely vegetable* in its composition, and so accurately combined in its proportions, that the chemical, botanical and medicinal properties of each ingredient harmoniously unite to

PURIFY THE BLOOD.

It has removed many chronic diseases which have baffled the skill of the best Physicians, and also cured Canker, Salt Rheum, Erysipelas and Scrofula, which Sarsaparilla syrups entirely failed to make the least impression upon.

It has been tested in many cases of

CANCEROUS HUMORS.

The most obstinate Cancers have been cured by this medicine. We say that it is a valuable medicine in all

BILLIOUS COMPLAINTS.

It removes all obstructions in the circulation, rendering the Liver free, active and healthy. It removes Palpitation of the Heart, and relieves in all cases of Asthma, and may be used in all climates and in all seasons of the year.

This Syrup is prepared only by C. MORSE & CO., 102 Fountain street, Providence, R. I., and sold by thousands in the United States, Canadas, etc.

THE GENUINE BALM OF COLUMBIA.

IF you wish a rich, luxuriant head of hair, free from dandruff and scurf, do not fail to procure the genuine Balm of Columbia. In cases of baldness, it will more than exceed your expectations. Many who have lost their hair for twenty years, have had it restored to its original perfection by the use of this balm. Age, state, or condition appears to be no obstacle whatever; it also causes the fluid to flow with which the delicate hair tube is filled, by which means thousands (whose hair was grey as the Asiatic eagle) have had their hair restored to the natural color by this invaluable remedy. In all cases of fever it will be found the most pleasant wash that can be used. A few applications only are necessary to keep the hair from falling out. It strengthens the roots, it never fails to impart a rich, glossy appearance, and as a perfume for the toilet it is unequalled. It holds three times as much as other miscalled hair restoratives, and is more effectual.

☞ *Caution*—Never buy it unless you find the name of Comstock & Co. proprietors, on the wrapper of each bottle, or you are cheated with a counterfeit article.

TO OWNERS OF AND DEALERS IN HORSES
Carlton's Founder Ointment,

For the cure of Founder, Split Hoof, Hoof Bound Horses, and contracted and Feverish Feet, Wounds, Bruises in the Flesh, Galled Backs, Cracked Heels, Scratches, Cuts, Kicks, &c., on horses.

CARLTON'S RING-BONE CURE,

For the cure of Ring-Bone, Blood Spavin, Bone Spavin, Windgalls, and Splints—a certain remedy.

☞ This Ring Bone Cure and the Founder Ointment are prepared from the receipts of a very celebrated English Farrier, and will cure in ninety nine cases out of one hundred any of the above complaints. They have been used by farriers, liverymen, stage proprietors, and others, with the most marked and decided success.

FOR FEMALE AND MALE.

Dr. LARZETTE'S JUNO CORDIAL, or Procreative Elixir, prescribed as an effectual restorative in cases of Debility and all Irregularities of nature. It is all that it professes to be, viz: Nature's Great Restorative and remedy for those in the married state without offspring. It is a certain cure for Seminal Emissions, General Debility, Gleet, Weakness of the Genital Organs, Nervous Affections, Leucorrhoea or Whites. As a vigorating medicine it is unequalled. Also, a certain remedy for Incipient Consumption, Indigestion, loss of Muscular Energy, Physical Lassitude, Female Weakness, Debility, &c. It is warranted to please in the use to any of the above complaints [illegible] of priceless value to those without offspring.

☞ Caution—This celebrated medicine cannot be genuine unless the fac simile signature of [illegible] & Co. is on the wrapper of each bottle.

DEAFNESS.

Use Dr. LARZETTE'S ACOUSTIC OIL, for the cure of Deafness. Also, all disagreeable noises, like the buzzing of insects, falling of water, whizzing of steam, which are symptoms of approaching deafness. Many persons who have been deaf for ten, fifteen or twenty years, and were subject to use ear trumpets, have, after using one or two bottles, thrown aside their trumpets, being made perfectly well. It has cured cases of ten, fifteen, and even thirty years standing of deafness.

☞ Ask for Dr. LARZETTE'S ACOUSTIC OIL, and take no other.

Hay's Liniment for the Piles.

The worst attack of the Piles are effectually and permanently cured in a short time by the use of the genuine Hay's Liniment. Hundreds of our first citizens throughout the country have used this Liniment with complete success. It is warranted to cure the most aggravated case.

☞ Caution—Never buy it unless you find the name of Comstock & Co. upon the wrapper, proprietors of it, and no article, or you are cheated with a counterfeit.

RHEUMATISM.

COMSTOCK'S Nerve and Bone Liniment, and Indian Vegetable Elixir, is warranted to cure any case of Rheumatism, Gout, Contracted Cords and Muscles, or Stiff Joints, strengthen Weak Limbs, and enables those who are crippled to walk again. Use this article and be cured, or go without and suffer, as you please.

Connell's Magical Pain Extractor—the World's Wonder—Pronounced so by all who have ever used it.

White Swellings, Inflammation, Pain in the Back, Weak Limbs, Tender or Sore Feet, and all Scrofulous Sores, are speedily and permanently cured by Connell's Magical Pain Extractor; Affections of the Lungs, Ague in the Face, Breast, Tic Doloureux, Chronic Sore Eyes, Blistered Surfaces, &c. It is equally beneficial in all kinds of Inflammatory Diseases, such as Sore Nipples and Eyes, Sprains, Rheumatism, White Swellings and Ulcers, Bruises, Burns, Chilblains, Erysipelas, Biles, &c.

All of the above named articles sold in Bangor, by Wm. MANN, LADD & INGRAHAM; in Old Town, by RICHARDSON, R. F. KENSELL; in Ellsworth, by LITTLEFIELD; in Orono by CONY FOSTER. Also, by one Agent in every town in Maine.

Sold by COMSTOCK & BROTHER, 9 John St., New York.

my 8

BRANT'S PURIFYING EXTRACT

The Greatest

BLOOD PURIFIER

IN THE WHOLE WORLD!

☞ *Price $1 per Bottle, or Six Bottles for $5.*

It is now put up in QUART BOTTLES, of the same power and medical efficacy as when in small bottles. Each Large bottle contains SIXTY-FOUR DOSES; and the medications are so Strongly Concentrated that only One Tablespoonful is required at a Dose—three times a day—thus one bottle lasts Twenty-One Days, which is much longer than a bottle of any other medicine lasts, because there is required of this a less quantity at a dose.

The great Superiority of this Blood Purifier over all other medicines, consists in its great amount in its possessing as a part of its composition the *powerful* Medical Virtues of some Source and Rare

Indian Roots and Barks,

which no other medicine possesses. These are the most certain Purifiers of the Blood that were ever known to all the Indian or white man, and these being *compounded* with the strongly concentrated Extracts of

Sarsaparilla, Yellow Dock,

CHERRY AND SASSAFRAS BARKS,

make this Vegetable Extract, not only the *greatest* Blood Purifier, but also, a cheaper *medicine* by great odds than any other. It is cheaper, because the quantity of it that may be bought for One Dollar will last much longer, and will cure Ten Times more Blood disease, than One Dollar's worth of any other medicine.

☞ For undoubted proof of the *Cures* of

Scrofula, Fever-Sores,

Another Scientific Wonder!

DR. J. S. HOUGHTON'S Great Dyspepsia Curer!

THE TRUE

DIGESTIVE FLUID,

OR

Gastric Juice,

PREPARED from RENNET, or the fourth STOMACH OF THE OX, after directions of Baron Liebig, the great Physiological Chemist, by J. S. HOUGHTON, M. D. Philadelphia, Pa.

This is a Great Natural Remedy for *Indigestion* and *Dyspepsia* curing after Nature's own Method, by Nature's own Agent, the Gastric Juice. PEPSIN is the chief element, or Great Digesting Principle of the Gastric Juice—the *Solvent of the Food,* the *Purifying, Preserving,* and *Stimulating* Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an ARTIFICIAL DIGESTIVE FLUID, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and *perfect substitute* for it.—By the aid of this preparation, the pains and evils of Indigestion and Dyspepsia are removed just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree *curious* and *remarkable.*

BARON LIEBIG, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be prepared from the mucous membrane of the stomach of the Ox, in which various articles of food, as meat and eggs will be *softened, changed and digested just in the manner as they would be in the human stomach.*"

Half a teaspoonful of pure Pepsin, infused in water, will digest or dissolve *Five Pounds of Beef in about two hours* out of the stomach.

Dr. HOUGHTON'S PEPSIN is sold by nearly all the dealers in fine drugs and Popular Medicines throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

PRIVATE CIRCULARS, for the use of Physicians may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based. As it is not a *secret remedy,* no objection can be raised against its use by Physicians in respectable standing and regular practice.

Price, in Fluid form ONE DOLLAR per bottle.

PEPSIN IN POWDER,

Sent by Mail, *free of postage.*

For convenience of sending to all parts of the country, the DIGESTIVE MATTER OF THE PEPSIN is put up in the form of Powder, with directions to be dissolved in water by the patient. These Powders contain just the same matter as the bottles, and will be sent by mail, *free of postage,* for ONE DOLLAR, sent (post paid) to Dr. J. S. HOUGHTON, Philadelphia, Pa.

☞ *OBSERVE THIS!*—Every bottle of the genuine PEPSIN bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, Philadelphia, Pa.

Sold by all Druggists and Dealers in Medicines. LADD & INGRAHAM, Agents for Bangor; Belfast, W. O. Poor; Ellsworth, B. Nourse; Bucksport, G. L. Bradley & Co.; Oldtown, R. F. Kensell; Houlton, P. O. Flaherty; and by Druggists generally. 1d&w1yr may 30

RARE CHANCE.

THE Homestead formerly owned by John Shaw, Esq., in Exeter, consisting of Dwelling House, Barn, Store and Potash, and about two acres of Land, is now offered for sale on favorable terms. Possession of the Store and Potash can be had immediately, and of the Dwelling House in September next.

To a person with small capital, disposed to engage in trade and the manufacture of Potash, (for which unusual facilities are here afforded,) an opportunity is now offered which can hardly be equalled in this section of the State.

A stock of Goods now in the Store will be sold on terms that cannot fail to be satisfactory.

The Village of Shaw's Corner, in Exeter, in which the above property is situate, is but twenty miles from Bangor, and for beauty of locality is unsurpassed. Mail communication, with Bangor, is had by the two lines of stages passing daily through the Village.

JOHN L. HODSDON.

THE PILES!

A CURE FOR LIFE SECURED!

DR. UPHAM'S INTERNAL REMEDY FOR THE CURE OF PILES!

THE VEGETABLE PILE ELECTUARY, invented by Dr. A. Upham, a distinguished physician of New York city, is the only really successful remedy for this dangerous and distressing complaint, the Piles, ever offered to the American public.

The Electuary contains no *Mineral Medicine,* no *Aloes, Colocynth, Gamboge,* or other powerful and irritating purgative. No fear of taking cold while under its influence; no change in diet necessary. If taken according to directions a *cure for life* is *guaranteed.*

Another certificate added to the hundreds that have already been received of the efficacy of Dr. Upham's Electuary. New York, August 23, 1850.

Messrs. Wyatt & Ketcham—Gents: For several years past I have been troubled with piles, a very common state of the bowels, indigestion and weakness of the system. Bilious complaint not being so severe as to disable me from business, and a dread I had of [illegible] patent medicines, [illegible] never used any medicine or applied to a physician for relief. The Piles being then so severe that I was [illegible] several operations to be performed, within [illegible] Determined after this to try other [illegible] an advertisement of a cure guaranteed by the use of Dr. Upham's Electuary. I purchased three boxes [illegible] and from the use of which I found myself entirely cured of the Piles and my health much improved. I remain, sir, your much obliged friend.

The writer of the above, from motives of delicacy declines having his name used, but any one [illegible] to refer to him or show the original certificate to those who may doubt its authenticity.

Another fact in relation to the efficacy of Dr. Upham's Electuary. Philadelphia, Sept [illegible]

Dr. Upham—Dear Sir: About five years ago I was afflicted with what was called Chronic Diarrhoea. I have suffered with it ever since, [illegible] physicians [illegible] told me that my liver was affected, and that my bowels were ulcerated, for blood and pus attended with a peculiarly putrid smell were [illegible] discharged. A short time since, I made a visit to Massachusetts, in hopes of benefit from a change [illegible] more severely than ever before. While [illegible] a [illegible] offered to cure me for $40, in three [illegible] Happily, in the midst of intense pain, [illegible] [illegible] I saw in a [illegible] a perfect description of my complaint, together with many certificates of cures. This gave me great confidence in the medicine, and I purchased [illegible] nine doses of which has effectually cured me, and I am prepared to say every thing in its favor [illegible] service [illegible] to humanity [illegible]

Respectfully yours, BENJAMIN PERCIVAL,

No. 6 South Sixth st.
